

About this Website

How do I view separate parts of the document in separate screens?

▼ [Read more](#)

Open the section of interest. Right click on the link for the second section of interest. Select “Open link in a new window with navigation”. This approach works for any link you wish to view in a separate window.

What is the suggested citation for this document?

ITRC (Interstate Technology & Regulatory Council). 2016. *Long-Term Contaminant Management Using Institutional Controls*. IC-1. Washington, D.C.: Interstate Technology & Regulatory Council, Long-Term Contaminant Management Using Institutional Controls Team. <http://itrcweb.org/Team/Public?teamID=62>.

Frequently Asked Questions

Linked sections are opening in new windows and not new tabs. How do I change the behavior?

▼ [Read more](#)

In your browser, find the settings for Open pages in tabs instead of windows. In Internet Explorer, go to Tools>Internet Options>Tabs>Settings and select “Always open pop-ups in a new tab”. For Safari, there are three choices for opening pages in tabs: Automatically, Never, Always. In Firefox or Google Chrome, all links automatically open in a new tab.

Can I bookmark parts of this guidance?

▼ [Read more](#)

You can bookmark sections of this guidance. Each section has a unique URL, so it can be shared, emailed, or saved in the browser bookmarks (as you would save a normal browser favorite or bookmark).

How do I print all or part of this guidance?

▼ [Read more](#)

For material on the website, use the [Print this page](#) link at the bottom of the page .

How do I view glossary terms? How do I close a popup? What do the Internal links look like?

▼ [Read more](#)

Glossary terms: Mouse over glossary terms to open definition. Mouse away from the popup box to close definition. Glossary terms are shown in the document as bold, orange text that is underlined. The entire glossary is linked at the footer and in the Additional Information.

Using popups: The references are linked as popups in this document. When you click a reference, the popup material will appear in front of the text that you were reading, and the text will be grayed out in the background. To return to the text, click anywhere in the gray area surrounding the popup.

Internal links: the internal links to different places on the document are shown as bold, blue text that is underlined.

Can I keep a Read More open when I navigate to a new page?

▼ [Read more](#)

If you have a “read more” section open and then clicking a link to another section; if you then click the “back” arrow, the “read more” section that was previously open is then closed. When you use a back arrow the page reloads and all Read

Mores are closed on reload. It may be helpful to you to review the answer to How do I view separate parts of the document in separate screens?
